

**To GS1 New Zealand
Request for Transfer of Membership**

- A request for transfer of membership arises when the business of an existing member is acquired by a new member and integrated into the operating activities of the new member. The new business requires to be under the control of one management structure.
- A request for the transfer must be authorised by both the transferor and transferee members.
- All GTIN 13 Numbers and any GTIN 8 Numbers must be confirmed for the transfer to be completed.
- If the transferor is National Product Catalogue (NPC) registered then GS1 will need to be advised of the arrangements for existing catalogues.
- If the transferee is not an existing member of GS1 then a full membership application is required before any request for transfer can be processed.
- The transferee will be required to complete a Certification of Annual Turnover to confirm the projected turnover of the combined businesses.

Transferor Member:

Company Name: _____ GS1NZ Account: _____

Please identify below all the **GTIN** (Barcode Numbers) allocated to your organisation subject to this request for transfer.

GLN (Global Location Number) will **not** normally be transferred because these identify with the legal entity of the transferor.
